The 2006 Shape N Race Derby is the first with our Unit's brand new track! After much research, it was concluded the way to go was aluminum! This track will provide us with exciting, fun, and fair races for the next 25 years or more; as aluminum will never warp, remain fast, and is fully expandable - more lanes can be added as needed.

The new Electronic Finish Line was donated to our Unit by Earl Haima, in memory of the late Rev. Brian A. Haima, Sr. The track was made possible by the generosity of the following:

Pastor Tim and Diane Miller
Phillip and Cindy DesRosiers
Andy and Janet Bratos
Karen Ward
Don Meyer
The Stebbins Family
Scott Haima
Nelson Bingel
The Powell Family
John and Becci Wood
Pat and Debbie Keem
Blue Bunny Ice Cream
Diamond Crystal Sugar
